Armadilha 15*R*

## The discreet insect light trap for areas up to 15 m²

With its discreet and attractive design the **Armadilha 15***R* is recommended for use in domestic and professional environments.

The **Armadilha 15***R* is designed to be placed as either a free-standing or wall-mounted unit. The **Armadilha 15***R* uses a powerful ultraviolet lamp which attracts flying insects.

On the inside of the unit a glueboard is placed, which the insects are trapped on.
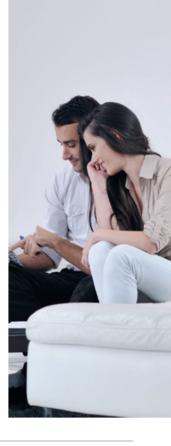

This glueboard is placed out of sight providing discreet control of the flying insect pests. **Armadilha 15***R* is easy to install, easy to service and safe to use. *The unit is designed for indoor use only*

10 reasons to start using the Armadilha 15*R*:

- In its free-standing or wall mounted position, the unit offers full discretion.
- Unit can be used in a wide variety of applications
- Glue board discreetly placed out of sight and is easy to replace from the top.
- Plastic housing offers durability.
- Effective coverage of areas up to 15 m².
- Easy to service with direct access to lamp and glue board.
- Meets ISO 9001 / RoHS & the CE standard. Unit is HACCP compliant.
- The heat entrapment design ensures that insects fly in faster.
- High powered effective UV-A lamp.
- 1 year full guarantee on the mechanical aspects.

Fruitflies   *OPTIONAL*

In the top section of the unit you can place a small holder which can contain fruitfly attractant (liquid), used to enhance trapment of fruit flies.
